
Simple Easter Invite Strategy

Teach your church to evangelize this Easter using these 4 easy steps!

How amazing would it be if everyone in your congregation would invite one person to worship with them this Easter?

What if I told you this could easily happen at your church this Sunday?

Here is the simple idea...

Step 1- During service, talk about the mission behind your Easter services.

Step 2 – Have everyone pray and ask for boldness to invite one person.

Step 3 – Then have everyone pull out their phone and text an invite to one person right then and there.

Step 4 – Put an example text message on the screen for people to use for inspiration.

Here are [eight sample text messages](#) that we've come up with for you.

One of our Grow churches did this last Sunday and here is just one example of what happened in the first five minutes:

Let's Make Heaven More Crowded!
